(2) Duty to Maintain Records

- (e) The legal custodian shall have full legal power to render decisions and to carry out the duties of an authority under Subchapter 11 of Wis. Stat. Chapter 19 and this section. The designation of a legal custodian does not affect the powers and duties of an authority under this section.

(4) Public Access to Records

- (e) The legal custodian may require supervision during inspection or may impose other reasonable restrictions on the manner of access to an original record if the record is irreplaceable or easily damaged.
- (f) A requester shall be charged a fee to defray the cost of locating, photocopying, reproducing and delivering public records. No charge shall be made for locating

records unless the actual, direct and necessary cost exceeds \$50. A cash deposit may be requested where charges are estimated to exceed \$5.00. No elected or appointed official or employee of the City of Middleton shall be required to pay for public records reasonably required for the proper performance of their duties. Charges may be waived in the custodians discretion if it is determined to be in the public interest. Charges authorized in this subsection shall be in an amount set forth in the Fee Schedule under Section 3.12.

- (g) Pursuant to Wis. Stat. s. 19.34 and the guidelines therein listed, each authority shall adopt, prominently display and make available for inspection and copying at all its offices, for the guidance of the public, a notice containing a description of its organization and the established times and places at which, the legal custodian from whom, and the methods whereby, the public may obtain information and access to records in its custody, make requests for records, or obtain copies of records, and the costs thereof. Each authority shall also prominently display at its offices, for the guidance of the public, a copy of Wis. Stat. ss. 19.31 to 19.39. This subsection does not apply to members of the Common Council.

(5) Access Procedures

- (a) A request to inspect or copy a record shall be made to the legal custodian. A request shall be deemed sufficient if it reasonably describes the requested record or the information requested. However, a request for a record without a reasonable limitation as to subject matter or length of time represented by the record does not constitute a sufficient request. A request may be made orally, but a request must be in writing before an action to enforce the request is commenced under Wis. Stat. s. 19.37. Except as provided below, no request may be refused because the person making the request is unwilling to be identified or to state the purpose of the request. No request may be refused because the request is received by mail, unless prepayment of a fee is required under subsection (4)(f)6. A requester may be required to show acceptable identification whenever the requested record is kept at a private residence or whenever security reasons or federal law or regulations so require.
- (b) Each custodian, upon request for any record, shall, as soon as practicable and without delay, either fill the request or notify the requester of the authority's determination to deny the request in whole or in part and the reasons therefor. If the legal custodian, after conferring with the City Attorney, determines that a written request is so general as to be unduly time consuming, the party making the request may first be required to itemize his or her request in a manner which would permit reasonable compliance.
- (c) A request for a record may be denied as provided in subsection (6) if a request is made orally, the request may be denied orally unless a demand for a written statement of the reasons denying the request is made by the requester within five business days of the oral denial. If a written request is denied in whole or part, the requester shall receive a written statement of the reasons for denying the request. Every written denial of a request shall inform the requester that if the request for the record was made in writing, then the determination is subject to review upon petition for a writ of mandamus under Wis. Stat. s. 19.37(1), or upon application to the Attorney General or a District Attorney.

(6) Limitations on Right of Access

- (a) As provided in Wis. Stat. s. 19.36, the following records are exempt from inspection under this section:
 1. Records specifically exempted from disclosure by State or Federal law or authorized to be exempted from disclosure by state law.

2. Any record relating to investigative information obtained for law enforcement purposes if federal law or regulations require exemption from disclosure or if exemption from disclosure is a condition to receipt of aids by the State.
 3. Computer programs, although the material used as input for a computer program or the material produced as a product of the computer program is subject to inspection; and
 4. A record or any portion of a record containing information qualifying as a common law trade secret.
- (b) As provided by Wis. Stat. s. 43.30, public library circulation records are exempt from inspection under this section.
- (c) In responding to a request for inspection or copying of a record which is not specifically exempt from disclosure, the legal custodian, after conferring with the City Attorney, may deny the request, in whole or in part, only if she or he determines that the harm to the public interest resulting from disclosure would outweigh the public interest in full access to the requested record. Examples of matters for which disclosure may be refused include, but are not limited to, the following:
1. Records obtained under official pledges of confidentiality which were necessary and given in order to obtain the information contained in them.
 2. Records of current deliberations after a quasi-judicial hearing.

 5. Records of current deliberations or negotiations on the purchase of City property, investing of City funds, or other City business whenever competitive or bargaining reasons require non-disclosure.
 6. Financial, medical, social or personal histories or disciplinary data of specific persons which, if disclosed, would be likely to have a substantial adverse effect upon the reputation of any person referred to in such history or data.
 7. Communications between legal counsel for the City and any officer, agent or employee of the City, when advice is being rendered concerning strategy with respect to current litigation in which the City or any of its officers, agents or employees is or is likely to become involved, or communications which are privileged under Wis. Stat. s. 905.03.
- (d) If a record contains information that may be made public and information that may not be made public, the custodian of the record shall provide the information that may be made public and delete the information that may not be made public from the record before release. The custodian shall confer with the City Attorney prior to releasing any such record and shall follow the guidance of the City Attorney when separating out the exempt material. If in the judgment of the custodian and the City Attorney there is no feasible way to separate the exempt material from the nonexempt material without unreasonably jeopardizing nondisclosure of the exempt material, the entire record shall be withheld from disclosure.
